

Kappler's Innovative Combo-Sizing System Reduces Inventory And Simplifies Your Selection Process.

Our garments are designed and constructed with the wearer in mind, and that includes sizing that simplifies the decision process. Typically worn over other clothing, Kappler's garments are designed so that "combination sizes" comfortably fit the vast majority of users. Plus, with only five size* options (versus the normal eight), you can simplify ordering logistics and reduce inventory requirements.

*Kappler garments are available in a standard range of "combination" sizes from Small/Medium to 2X/3X. Additional sizes including XS, 4X and larger are available. For more details contact Customer Service at 1-800-600-4019 or email customerservice@kappler.com.

Warning: The information contained herein is based on technical data that Kappler believes to be reliable. It is subject to revision as additional knowledge and experience are gained. Please visit our website at www.Kappler.com ("Kappler Website") for the most up-to-date product information and specifications. All pamphlets, brochures or other literature or printed material may contain information that is not as current as the information on Kappler's website. Additionally, there are uses, environments and chemicals for which Kappler products, garments and/or fabrics are unsuitable. The user has the responsibility to review all available data and verify the product, garment and/or fabric is appropriate for the intended use and meets all specified government and/or industry standards for such use. The user should review all available information on the Kappler Website, product labels and QR codes to understand the appropriate uses and limitations of Kappler products, garments and fabrics.

Caution: These garments are designed for protection of personnel against short duration thermal exposures. Do not use for fire-fighting applications. Minimize exposure to open flame or intense heat.
